To the Students of . . .

Yesterday

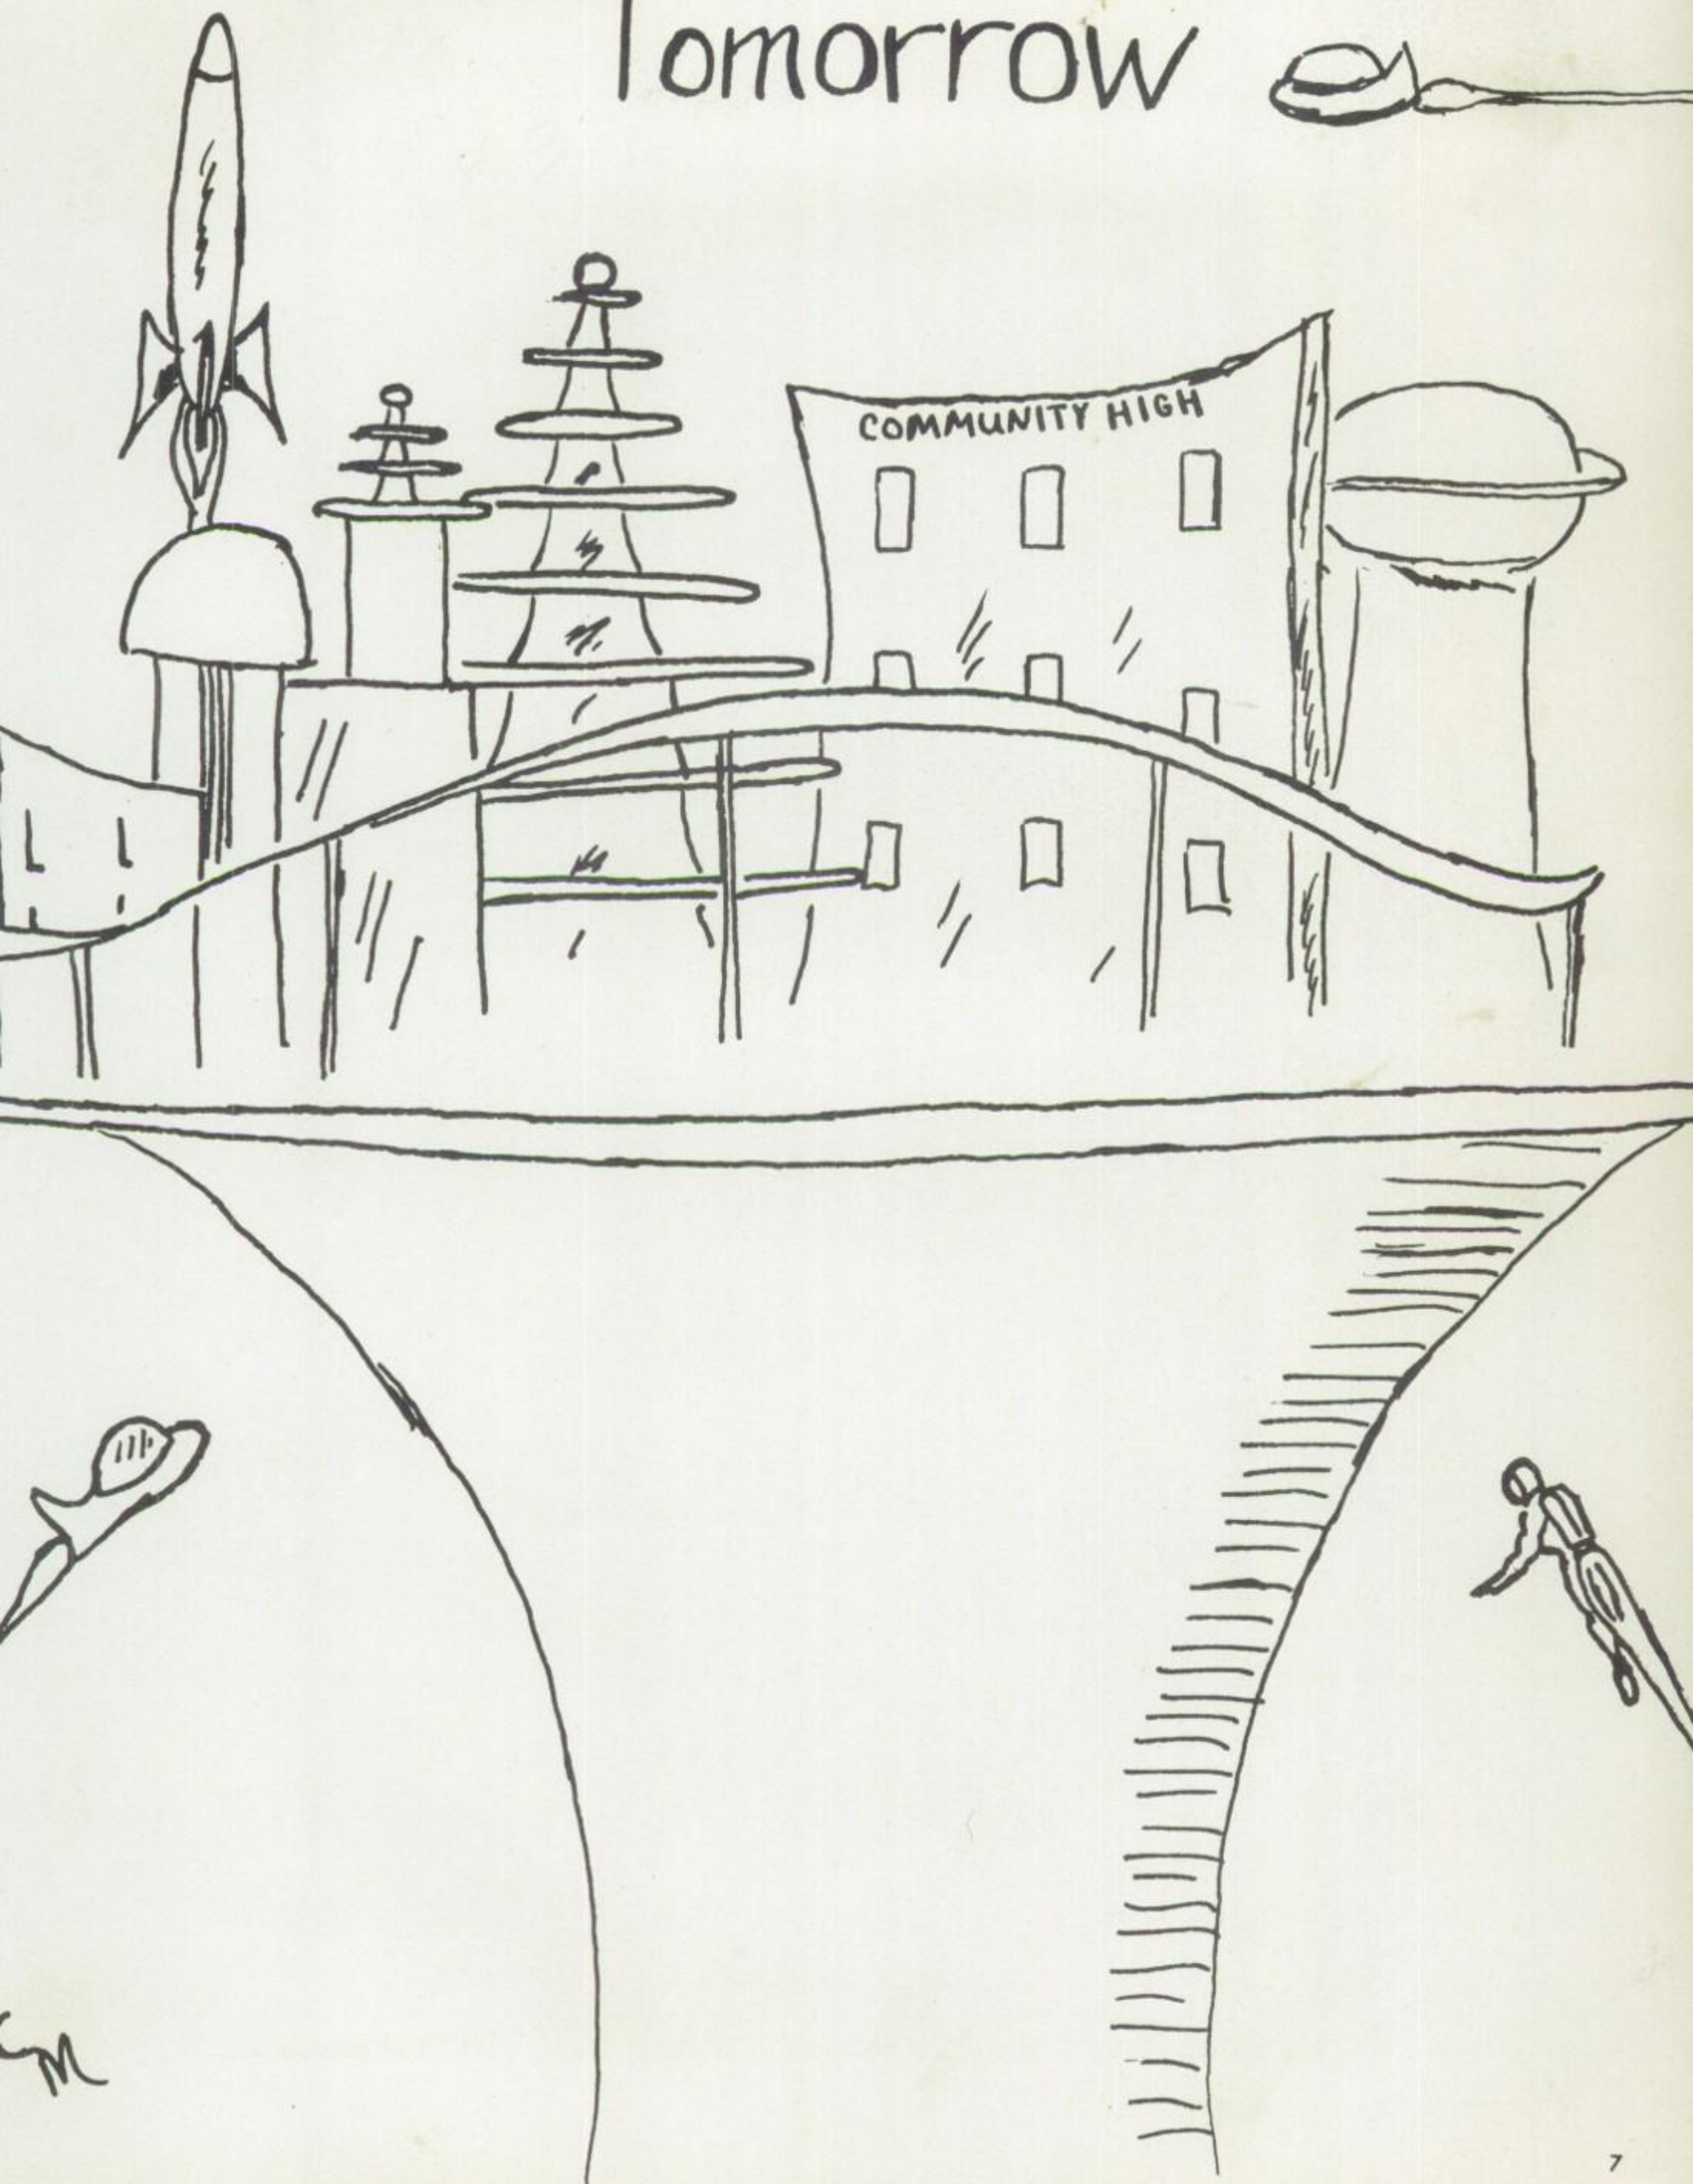

Because We Are America's

Tomorrow

To the Students of . . .

Yesterday - a recollection of nostalgia, heart-warming memories, and dreams priceless to the souls that dreamt them

And . . .

Today - a reality of wonder and promise, a vibrant collection of the little things, rarely appreciated, that make each day a celebration of God-given life

Because we are America's . . .

Tomorrow - the final frontier. These are the voyages of the 1978 Communitizer, its one-year mission - to seek out and explore - to record the habits, dreams, and future memories of the student - to bravely venture where no annual has gone before . . .

In Memory of Steve Brown

Memories — beautiful thoughts and sentiments . . .
Express what words can't say.
Admiration — a moving and deep respect . . .
Mere words must struggle to convey.

Steve Brown was a picture of courage
What we take for granted he held so dear
Though he left this earth in July of '77
He lives — year after year

For each of us left will remember
The large purpose that filled his small life.
God sent that brave angel to touch us
Through his faith in the midst of his strife.

Athletics

The season was long and hard. We struggled. But we grew. We experienced. We learned. We're tougher now and more knowledgeable. We never quit. We hustled. We gave our all, and we never lost our pride. Time has aged us, we'll be more ready next year. For that's the way life is. One must struggle through the experiences, before learning to enjoy the good times. No one will ever reach perfection, but we will strive always to be good — no **great!!** But just remember, it takes time! Stay with us and help us grow. And enjoy the good times with us!

I Corinthians 9: 25 and 27

25. To win the contest you must deny yourselves many things that would keep you from doing your best.

27. Like an athlete I punish my body treating it roughly, training it to do what it should, not what it wants to.
